

Grace for the Times...  
(An Amazing Rap)

Amazing grace- it's a sweet, sweet sound  
-coming down all over me  
Understand, I was lost and found  
-was blind but now I see

Yo this here grace taught my soul to fear  
-when it's in your face, your fear's relieved  
You can't deny it, it's fresh and clear  
-the power of the hour when you first believed

Thru danger, anger, sin and snares  
-don't you doubt it when you roam  
Kicked around and nobody cares  
-this here grace will get you home

Nothing but the blood  
-precious is the flow  
Nothing but the blood  
-making me white as snow  
Nothing but the blood  
-ain't no other flow to know

Shout it out 10 thousand years- it's a light as bright as the sun  
-With all your nights and all your days  
-Let it all out and sing God's praise  
On and on, just let it run...
